RESEARCH INTERESTS

My research interests lie in building interactive data analysis systems for environmental science contexts like analyzing earth system models or animal tracking data. Accordingly, my work lies in the intersection of databases, data visualization and human-computer interaction. Additionally, I am also interested in visualization perception research, specifically regarding uncertainty visualization.

EDUCATION

University of Washington, Seattle (UW) WA, USA
Ph.D. in Computer Science, Advised by **Dr. Leilani Battle**, GPA: 4.00/4.00 Sept 2021 - Present
– **Research Interests:** Interactive Data Analytics for environmental sciences, Information Visualization
– **Relevant Coursework:** Computing for Conservation

University of Maryland, College Park (UMD) MD, USA
Ph.D. in Computer Science, Advised by **Dr. Leilani Battle**, GPA: 4.00/4.00 Jan 2021 - May 2021
– **Research Interests:** Interactive Data Analytics, Information Visualization, Computer Graphics
– **Relevant Coursework:** Game Design

University of Maryland, College Park (UMD) MD, USA
M.S. in Computer Science, GPA: 3.84/4.00 Aug 2018 - Dec 2020
– **Relevant Coursework:** Machine Learning, Geometric Computer Vision, Advanced Computer Graphics, Physically Based Modelling, Simulation & Animation, Interactive Data Analytics, Computational Geometry, Interactive Technologies in HCI, Database System Architecture and Implementation

Birla Institute of Technology and Science - Pilani (BITS) Goa, India
B.E. (Honors) in Computer Science, GPA: 8.24/10.00 Aug 2012 - May 2016
– **Electives:** Data Mining, Data Storage Technologies and Networks, Creative Multimedia

EXPERIENCE

AVIZ, Inria

Research Intern, advised by **Dr. Jean-Daniel Fekete**

Saclay, France

Summer 2021

- Worked on understanding the efficacy of confidence intervals for decision making using progressive bar charts
- Proposed and studied the efficacy of two new visualization designs for progressive bar charts
- Studied the performance of humans vs automated statistical test for the task of answering questions based on progressive visualizations

Fraunhofer CESE

Research Assistant Intern, advised by **Dr. Marcel Schäfer**

MD, USA

Summer 2019

- Worked as Java developer on the [PocketSecurity](#) project which collects data to perform user behaviour analysis
- Identified and implemented critical data probes to be collected for better analysis and improved existing probes

NVIDIA

System Software Engineer - C/C++

Pune, India

July 2016 - July 2018

- Developer for Shadowplay - a gameplay sharing app with features like record, screenshot, broadcast and coplay
- Worked on multi-threaded and multi-processes features, GPU driver code and render pipeline
- Enhanced and monitored the automated software testing suite and guided an intern for the same

NVIDIA

Intern

Pune, India

July 2015 - Dec 2015

- Device Filter Drivers - C/C++: Implemented end-to-end user input redirection from input devices to a specific application using filter drivers and device notifications
- Z-buffer - Python: Implemented aesthetic visual effects such as zoom burst using the depth data of images

TEACHING

- **Head Teaching Assistant** at University of Maryland, College Park
Computer Systems Architecture (CMSC411) Fall 2018, Fall 2019, Fall 2020
- **Teaching Assistant** at University of Maryland, College Park
Introduction to Data Visualization (CMSC498O) Spring 2019, Spring 2020
- **Teaching Assistant** at University of Maryland, College Park
Advanced Data Structures (CMSC420) Spring 2021

SKILLS

- **Programming Languages:** C, C++, Java, Python, Javascript
- **Libraries/Frameworks:** Pytorch, OpenCV, MPI, OpenMP
- **Miscellaneous:** DSLR Photography, Adobe Lightroom

LANGUAGES

- **Marathi:** Native
- **Hindi:** Fluent
- **English:** Fluent

PROJECTS

- **Visualizing the History of Commercial Whaling** Sept 2022 - Apr - 2023
Developed an interactive dashboard to visualize the whale hunting database maintained by the International Whaling Commission. The data is modelled as a network graph where the nodes represent the hunt locations and the edges represent the hunting search effort. This facilitates correctly estimating spatial distribution of whale populations.
- **Physically Based Clustering Visualization** Oct 2019 - Dec 2019
Implemented a data analysis/visualization tool with interactions modelled on real-life physical forces using the D3-Force API. The specific use case targeted was evaluating word embeddings created by different methods, where words closer in the vector space belonged to the same cluster.
- **Adding shadows to a scene using CNN** April 2019 - May 2019
Trained a network to generate shadows in a scene, given the scene without shadows, the depth map and the light source position map. Used the [pix2pix](#) model for the task.
- **GoRoutines vs OpenMP** Oct 2018 - Dec 2018
Comparatively evaluated the parallelization constructs of Go language and OpenMP using various task distribution schemes among threads. 2D image convolution operation was used for the study.
- **Data Sonification** Jan 2016 - Apr 2016
Investigated and implemented possible correlations between digital images and digital sounds for image encoding. Characterized aural encoding channels similar to visual encoding channels.
- **LEAP Motion App Development** Mar 2015 - Apr 2015
Programmed the LEAP Motion sensor to create a hand gesture based virtual music instrument dashboard. Used JAVA Swing for the UI and MIDI files for the audio.

SCHOLARSHIPS AND AWARDS

- Birla Institute of Technology and Science - Pilani Merit Scholarship 2012
- Maharashtra State Board of Secondary and Higher Secondary Education Scholarship 2012

EXTRACURRICULAR ACTIVITIES

- **University of Washington, Seattle K-12** 2022
Participated in the UW, Seattle K-12 outreach program by presenting my research work to high school students
- **Volunteer at Ekta Nagar Residents Welfare Association** 2017 - 2018
Aided in the organisation of community activities and administrative affairs of my residential society
- **Organising Committee Member at Quark (BITS - Pilani Goa Technical Festival)** 2015
Directed the photo and video coverage of the technical festival spanned over 3 days
- **Member at The Department of Photography, BITS-Pilani Goa** 2012 - 2015
Performed photo and video coverage of campus events over 3 years and mentored new inductees
