Aiming for Data Engineering roles, with 7+ years of experience in ETL, SQL, Data Warehousing, Data Quality and Data Modelling

EXPERIENCE

- **Perficient Inc. (Lead Technical Consultant)** *Remote, India*
Feb 2023 - April 2025
Senior IDQ Developer for BNY Mellon
 - Delivered rule-based data profiling across loans, treasury, and finance domains, identifying critical data quality gaps in high-stakes financial datasets
 - Built and maintained scorecards in both live and staged modes to monitor data quality trends over time
 - Resolved invalid data mappings and managed bad-record exception reporting to ensure clean downstream data delivery
- **Incept Data Solutions (Consultant)** *Remote, India*
Nov 2022 - Feb 2023
IDQ Developer for PepsiCo
 - Improved data quality across PepsiCo's product database through targeted DQ rule design and implementation
 - Coordinated task tracking and progress reporting for an offshore team of 5, delivering weekly status updates to the onsite manager
 - Conducted proof-of-concept for API integration and shell script execution within IDQ mappings and workflows
- **Capgemini (Consultant)** *Mumbai, India*
May 2021 - Nov 2022
IDQ Developer for Mubadala Investment Company
 - Enhanced data quality of deals data while applying foundational data governance principles
 - Built scorecards, conducted rule-based profiling, and designed periodic summary reports for ongoing DQ monitoring
 - Developed a proof-of-concept for automated email alerts to notify data stewards of quality changes; successfully deployed to production
 - Designed duplicate-detection rules for deals records and managed related exception reports

IDQ Developer for Renault DLPA

 - Performed data validation on inventory data to ensure accuracy across systems
 - Built mappings and Logical Data Objects (LDOs) to reconcile data across source systems (MPR88, MLA)
 - Designed delta-feed mappings to streamline comparison between historical and incoming data
 - Created profiling and scorecards across source/target files to assess all data quality dimensions and drive rule creation
- **Tata Consultancy Services (Systems Engineer)** *Mumbai, India*
Dec 2017 - May 2021
ETL Developer for NSDL
 - Drove data warehousing, cleansing, and processing for the Central Recordkeeping Agency (CRA) platform using Pentaho
 - Engineered key platform features, including:
 - * SMS/email notification functionality for withdrawal, ERM, and subscriber rectification workflows
 - * A cancellation framework to mark entities/subscribers inactive per CRA regulatory requirements
 - * A folder management framework that outperformed an existing Java-based solution
 - * An APY report generation framework for streamlined ETL reporting
 - * A proof-of-concept for exposing ETL jobs as web services
 - Oversaw production support, resolving subscriber/entity escalations
 - Performed profiling and built scorecards for subscriber pension data using advanced IDQ transformations (Parser, Standardizer, Lookup, Aggregator)

SKILLS

- **Tools:** IDQ Developer tool, IDQ Analyst, Collibra DQ, Pentaho, Git
- **Programming Languages:** SQL, Unix shell scripting, Java, Python
- **Frameworks:** DB2, Snowflake, Google Cloud Platform
- **Soft Skills:** Teaching, Leadership, Mentoring

LANGUAGES

- **Marathi:** Native
- **Hindi:** Fluent
- **English:** Fluent

CERTIFICATIONS

- Microsoft Python Programming Fundamentals - Credential ID: [GRT4O7I8ACNH](#) *Jul 2026*
- Microsoft Data Analysis and Visualization with Python - Credential ID: [A3M38LRNIJBO](#) *Jul 2026*

EDUCATION

- **Dwarkadas J. Sanghvi College of Engineering**, Mumbai Vidyapeeth *Mumbai, India*
B.E. in Electronics and Telecommunication, GPA: 8.32/10.00 *Aug 2014 - Jun 2017*
- **St. Xavier's Institute of Technology**, Autonomous *Mumbai, India*
Diploma in Electronics and Telecommunication, Percentage: 87.64% *Aug 2011 - Jun 2014*

COMMUNITY SERVICE

- Voluntary teacher for Scratch Programming under Guruji Education Foundation (GEF) for underprivileged primary and secondary school students in rural Maharashtra *Remote, USA*
Mar 2026 - Present

PROFESSIONAL ACHIEVEMENTS

- Recipient of **Best Team Award** for providing hassle-free deliveries to the client during covid-19 pandemic *2020*
Tata Consultancy Services
- Two times recipient of the **On The Spot** award for showing strong development skills *2019*
Tata Consultancy Services
